Governor Patterson, of Tennessee cannot be charged with being a pistol-toter, for he has all his pants made without pockets, hip or side.

Those people who say that trouble in Tennessee grew out of prohibition ought to know, and probably do know, that it would have come had prohibition never been heard of in that State.

Roosevelt is a regular "Heathen Chine" in politics. It is a game which he does not understand, but one he always manages to play most successfully.

Before the Republicans in Congress can expect to really reverse the tariff they will have to secure a revised edition of the present Speaker to preside over their body.

It looks like there are going to be some sensational developments in the Eastman-McBee suits over the Buck Soals property in Henderson county now dockcted in that county.

During the campaign some folks said Roosevelt was playing the bull in the political china shop. All the china he broke seems to have had the Democratic trade mark on it.

Those candidates on both sides who got in by small majorities are not kitcking because they were not large. It was a time when small majorities, like small favors, were thankfully received.

Many of the usually knowing ones are unable to explain to themselves the causes of the results of the late election, to say nothing of their attempts to make satisfactory explanation to the general public.

Roosevelt's success in forcing Taft on the people of the whole country no doubt gives him encouragement in his scheme to force Root on the people of New York.

We can hardly bring ourselves to believe that the Republicans bought up enough votes to enable them to carry all of those States which were supposed to be surely for Bryan up to the day before the election.

The Charlotte Observer seems to be pretty well convinced that a local option liquor bill will be introduced in the Legislature and that it will be passed. Have the people got to go through that thing again and have the fight of last spring all over once more.

The Cleveland Memorial Association has decided to raise one hundred thousand dollars for the erection of a suitable monument to the memory of Grover Cleveland at Princeton. The South should contribute its part of this fund. We hope it will do so.

HALF CENTURY LIFE

Saint Andrew's Presbyterian Church Will Celebrate Fiftieth Anniversary This Week.

SERVICES ARRANGED FOR SUNDAY

Rev. Alexander Sprunt, D. D., to Speak Other Interesting Exercises to Mark Semi-Centennial of Great Work.

Beginning with a reception under the auspices of the Ladies' Aid Society at the manse on Friday evening from 7:30 to 10:30 o'clock, a series of very appropriate and highly interesting exercises on next Sunday will mark the fiftieth anniversary of Saint Andrew's Presbyterian Church, of this city, an event not only of much interest and importance to the members of that particular congregation but to many friends and Presbyterians all over Wilmington.

On the 21st of November 1858, the Second Presbyterian Church, now St. Andrew's, was organized by the Presbytery of Fayetteville, consisting of 14 original members. Since that time the church has grown wonderfully in numbers and influence and the celebration of the semi-centennial on this occasion will be an affair of great pleasure to those identified with the work at the present.

To the reception under the auspices of the Ladies' Aid Society on Friday evening, all the members of the congregations of the three Presbyterian churches are invited together with all friends of Saint Andrew's in the city who may wish to call. The receiving party will consist of the pastors of the three city churches and their wives and Dr. and Mrs. Alexander Sprunt, of Charleston, S. C. The pastor hopes all friends will be free to come to this reception.

There will be no services on Saturday, the actual day of the organization of the church, but on Sunday morning at 11 o'clock a special sermon for the occasion will be preached by Dr. Sprunt, of Charleston, a son of one of the first Ruling Elders of the congregation. Dr. Sprunt will also speak at the Sabbath School in the afternoon when the special feature will be a "Cradle Roll" rally. The same evening at 7:30 o'clock the three Presbyterian churches in the city will unite in a service at St. Andrew's when addresses will be made by Mr. B. G. Worth on "The Times When the Church Was Organized;" by Dr. Wells, pastor of the First Church, on the relation between the two congregations; by Dr. Sprunt, on "The Work at Saint Andrew's," while a paper will be read by Mr. James Sprunt, giving some reminiscences on the early days of the church on Chesnut street where the Second Church first worshipped. Dr. McClure, the pastor, will read a history of the church from its organization to the present, which feature will be very interesting and entertaining.

In connection with this celebration, Saint Andrew's will make a thank offering for benevolent causes. Envelopes are now being distributed throughout the congregation for this offering.

In connection with the 50th anniversary, it is remarkable that of the five ministers who have served this congregation, not one of them, except the present pastor, the beloved Dr. McClure, is now living.

IN THE MAYOR'S COURT.

Stephen James Released From Suspicion—Other Cases.

Among the defendants tried in the police court yesterday morning, Stephen James, colored, believed to have been one of the negroes implicated in the trouble last week when Officer Bachelor was assaulted, was released for lack of evidence, but was tried for vagrancy and sent to the county farm for 30 days.

John Justice, a white lad for vagrancy was sentenced to 30 days at the county farm, but made a pitiful plea to the Mayor, who afterwards decided to send him to relatives at Atkinson. He was provided for by Rev. R. W. Hogue during his residence here and would have likely been sent to a reformatory had not his relatives decided to take care of him.

Jane Howard and Martha Jones, colored, drunk and disorderly, were given 30 days each at the county farm.

GIVE MASQUERADE BALL.

Harmony Circle Plans Delightful Affair for Thursday Evening

Harmony Circle, through a committee composed of Messrs. Irving Bear, Adolph Goodman and I. W. Solomon, is arranging for a delightful masquerade ball to be given in the rooms of the organization on South Front street on Thursday evening of this week. The music will be by Hollowbush's Academy Orchestra and upwards of a hundred couples are expected to participate in the unique affair. A large number of costumes have been ordered by the dancers, and after the unmasking at midnight an elegant supper will be served. The affair is being looked forward to with much pleasure by members of the organization.

CREDIT BUREAU MATTER

Wholesale Merchants and Jobbers Hear Mr. H. E. Baxter on Advantages of Organization. Referred to Committee.

Leading wholesale merchants and jobbers of Wilmington yesterday afternoon at 4 o'clock in the rooms of the Chamber of Commerce, on North Front street, heard with much pleasure and information Mr. H. E. Baxter, of Natchez, Miss., upon the subject of the formation of a credit bureau in this city, similar to organizations of the kind maintained at practically all other leading wholesale centres in the South.

Mr. Baxter came upon invitation of the merchants at a meeting held about a week ago and after the matter had been gone over thoroughly it was decided yesterday afternoon to refer the whole question to a committee of five, which is instructed to formulate a report upon the proposition as submitted and present the same at a meeting of the Chamber to be called within a few days. Mr. L. B. Rogers, who has been the moving spirit in the effort for a credit bureau, presided at the meeting and among those present were Messrs. J. N. Jacobi, J. M. Stevenson, J. S. Funchess, B. F. Hall, H. Lacy Hunt, J. A. Taylor, Sam Bear, Geo. R. French, H. A. Burr, Eduard Ahrens, B. C. Moore, M. Rosenmann, J. M. Leasia, Isadore Bear and others.

The advantages of a credit bureau were fully explained by Mr. Baxter from his experience at Natchez Miss., and other places. He submitted blanks and forms in use there and suggested other ideas to fit local conditions. He was listened to with much interest and after his address answered to the apparent satisfaction of all present a number of questions submitted to him as to the practical workings of the plan, which seems to be largely for the dissemination of credit information among members and between organizations of the several cities. The bureau to be established would or would not be affiliated with the National organization with headquarters at Chicago.

After more than an hour's discussion of the various features of the plan outlined by Mr. Baxter, a motion by Mr. Sam Bear finally prevailed with an amendment adding two other members, that Messrs. J. A. Taylor, H. L. Hunt, L. B. Rogers, George R. French and Sam Bear be appointed to investigate fully the credit bureau and the expediency of organizing the same in connection with a traffic department to be maintained in connection with the Chamber of Commerce, this committee to meet and formulate as soon as possible a report to a called meeting of the merchants for their final action. Mr. Bear prefaced his motion with the statement that he was very much in favor of the bureau but, like perhaps others, he wanted something definite to go upon. Mr. Baxter stated that he would be in the city for a few days and would be pleased to give the committee any information possible. It is likely that the committee will meet today and be ready with a report tomorrow afternoon.

NEW FURNITURE HERE

Handsome Fixtures for Chamber of Commerce Rooms Installed.

The handsome furniture for the Chamber of Commerce, consisting of handsome oak chairs, tables, desks, etc., arrived yesterday on the New York steamer, and are being installed in the comfortable new quarters of the organization in the A. David Building, on North Front street. The furniture was recently purchased by Mr. U. M. Robinson, of the Executive Committee, while on a visit to New York, and it is well adapted for the use to which it will be put. When the new furniture is installed the Chamber can then boast of as elegant quarters as any board of trade in the State. The furniture is not only new and very handsome but new quotation boards, linoleum floors and other improvements have been made in the rooms.

AMPUTATION NECESSARY

Factory Operative Injured at Luumberton Will Probably Die.

(Special Star Correspondence.))

Lumberton, N. C., Nov. 16.—Mr. John Freeman, who was so badly injured at the Dresden Cotton Mills Friday night, an account of which appeared in the Star yesterday, was removed last night from the home of his parents in East Lumberton to the Thompson Hospital, where the injured limb was amputated at the body, this being regarded as the only means of saving his life, gangrene having developed. Even with the limb amputated, the young man's recovery is considered very doubtful. The operation was by Drs. Johnson, Knox and Thompson.

To Wed in Charleston, S. C.

The many friends of Mr. John Smith, who is pleasantly remembered as having formerly been a clerk in the Western Union office in this city, will be interested and pleased to learn of his approaching marriage on Thursday of this week in Charleston, S. C., the bride being Miss Lizzie Warren, an attractive young lady of that city. Mr. Smith is now located in Columbia, S. C., and his many friends will be delighted to know that he is doing exceedingly well.

38TH ANNIVERSARY

Stonewall Lodge No. 1, Knights of Pythia's Celebrated Its Founding Last Night.

ADDRESS BY HON E. D. SMITH

Other Exercises of Highly Appropriate and Pleasing Character—Music by Delgado Band and Refreshments Served.

Interesting and most appropriate exercises last evening in Castle Hall, third floor of the Murchison National Bank building, marked the thirty-eighth anniversary of Stonewall Lodge No. 1, Knights of Pythias, the oldest branch of the order in this State and one of the most enterprising and progressive.

The feature of the evening's exercises was an address by Hon. E. D. Smith, United States Senator-elect from South Carolina, who arrived on yesterday afternoon's train and is being entertained by the Pythians of the city. Mr. Smith had for his subject "Personal Integrity and Individuality," which was developed in his characteristically strong and vigorous manner, declaring these principles of Pythianism eternal and the ultimate salvation of American manhood. Mr. Smith was listened to with closest attention and was frequently greeted with the most enthusiastic applause.

The attendance was very large, representing every lodge in the city and many from the Wilmington district. Chancellor Commander J. H. McIntosh, of Stonewall Lodge, presided and was very happy in directing the various features of the entertainment. Excellent music was furnished by the Delgado Concert Band. The exercises began with the formal opening of Stonewall Lodge, roll call and the regular closing, after which a social session and the celebration proper was carried out.

The guests and others in attendance were welcomed in brief but very happy manner by Past Grand Chancellor Wm. F. Robertson, who took occasion to speak with especial pleasure of the treat that was in store for all in the address of the speaker of the evening, who was formally introduced in most pleasing manner by Jos. W. Little, Esq., of the Wilmington bar.

Mr. Smith in his address upon any subject does not follow the beaten paths of conventionality and his speech last night was no exception to his rule. He spoke for a little more than an hour, paying beautiful tribute to the home, the Pythian fraternity, the South and his country.

One of the most interesting features of the evening was the reading of a history of Stonewall Lodge by Mr. W. H. McClain, vice chancellor. The sketch by the vice chancellor was one written by Mr. W. H. Yopp some years ago and included in the Grand Lodge minutes of that year. Stonewall Lodge was chartered the 10th of October 1870 and instituted on the 15th of November of the same year, Mr. Jesse Wilder being the only living resident charter member recalled from the reading of the list. The lodge was formd at the home of Mr. J. W. Zimmerman and was instituted by Grand Lodge officers from Virginia. Mr. A. J. Yopp, of this city, was the first candidate to receive the rank of Knight in the new lodge after its formation. It was through the formation of Stonewall Lodge that the Grand Lodge of North Carolina was formed in this city on Dec. 21st, 1871, Stonewall, Clarendon and Germania lodges of this city constituting three of the five original lodges in the Grand domain.

Following the set programme for the evening there were voluntary remarks by members and the serving of refreshments. The committee in charge was composed of Messrs. J. D. Kelly, chairman, W. H. Yopp, W. C. Smith, Jos. W. Little and B. B. Sugg. The celebration was in every way creditable to the committee, to the lodge and all who participated in the exercises of the evening.

Mr. Mark Thomas Married.

The many Wilmington friends of Mr. Mark Thomas, formerly with the Atlantic Coast Line in this city, will be interested and pleased to learn of his marriage, cards for which were received the past week. The bride is Miss Georgena Anderson Banks, daughter of Mr. and Mrs. John Frederick Banks, and the ceremony was performed at the home of the bride's parents in Marietta, Ga., on Tuesday, November 3rd. Mr. and Mrs. Thomas are now at home at 525 S. Pryor street, Atlanta, Ga., the groom holding a responsible position in the Georgia city.

Alleged Pick Pocket Gives Bond.

C. A. Carroll, a white man, who has been in the county jail since November 5th awaiting trial at the approaching term of criminal court, yesterday furnished cash security of $75 and was released from custody. Carroll came to Wilmington with the carnival company at the Elksfest and on Tuesday of that week is alleged to have made an attempt to pick the pocket of Mr. J. D. Edwards on a street car. He was given a preliminary trial in the Mayor' court and in default of bond was sent to jail.

NEITHER TEAM SCORED

Wilmington and A. & M. Game at League Park Yesterday Afternoon Attracted Only Small Crowd—Exhibition.

Before a miserably small crowd and one that reflected no glory upon the sporting proclivities of Wilmington, neither the locals nor the strong A. & M. second team could score in a pretty and altogether satisfactory game of football at League Park yesterday afternoon, the score standing 0 to 0 at the end of the second of the two twenty-miunte halves that were played.

Many said unhesitatingly that the game was even better than that of the University and Davidson teams here earlier in the season and the pity is that more people were not out to see the exhibition. The A. & M. cadets weigh in about 20 pounds per man heavier than Wilmington, therefore the locals played almost exclusively on the defensive, putting up a pretty fight against heavy odds and demonstrating that they are faster and able to play rings all round an eleven of nearer equal avoirdupois.

The game was called at 3 o'clock in order that the visitors, who remained over from aturday, might catch the evening train home. Wilmington won the toss and chose to defend the north goal, kicking off to A. & M. Captain Hall received the oval and returned it to A. & M. 35-yard line. Then by a series of line plunges, the visitors managed to carry the ball near enough for Captain Hall to try to kick a goal from the field and miss. The ball remained pretty much in Wilmington's territory until the first half was up, but the lighter men ably defended their position and held the cadets down without a score.

The second half found the A. & M. more offensive and several times the goal was endangered, but the ex-collegians played an even snappier defensive than in the first half and there was still nothing doing when time for the second half was called and the grid-iron warriors retired from the field. An exciting moment in the second half came just before the game was concluded. With five minutes to play and the ball within five yards of Wilmington's goal, the A. & M. could do no better than push the pigskin within half a yard of a touchdown and it went over on the third down to the locals. Grant, R., from behind the goal kicked to the 40-yard line and Captain Smith tackled his man for a down almost on the spot where he received the oval. The ball was Wilmington's on A. & M. 35-yard line when the game was called.

R. Grant's punting, LeMassena's work and that of Tabor, of Fort Caswell, for the locals, are spoken of as the features. J. K. Council's tackling and Hall's splendid work are spoken of as the features for the visitors. The visitors during their stay impressed all with their gentlemanly behavior and fine bearing.

Nine, of the Wilmington team, was injured near the last of the first half and Hashagen took his place at half back, but in the second half Grant, W., went to left half back and Fred Poisson went in as right tackle, he being later succeeded by LeMassena. The teams otherwise were lined up as follows:

Officials—J. McRee Hatch, umpire; Stroud, of A. & M., referee; P. Cumming, Jr., head linesman; Clyde Council, timekeeper.

It will be welcome news to the many who saw Wilmington play the fast, snappy game of yesterday afternoon that on Saturday afternoon of this week, the strong team from Fort Caswell will be up for a game. The soldiers will bring along their band, which won so much praise during the recent Elksfest, and about 100 rooters who are expected to make the welkin ring for the Army.

Charge, Cruelty to Animals.

Before Justice of the Peace Harriss yesterday afternoon, Joe Sykes, colored, answered the charge of cruelty to animals, the warrant being issued against him on the affidavit of John D. Sidbury, a white man, who alleged that Sykes had purchased a horse from him and after treating it cruelly, returned the animal which died shortly afterwards. Sidbury further contended that he had a mortgage on the animal when it was sold to Sykes, but failing to produce the same in court, the case was continued until next Saturday. Hon. John D. Bellamy appeared for the defendant and Woodus Kellum, Esq., represented the plaintiff.

The Municipal Convention.

Mayor William E. Springer and Alderman S. J. Ellis left yesterday afternoon for Charlotte where they will attend the municipal convention of the Carolinas, which will convene today at noon. Capt. T. D. Meares, clerk of the Board of Audit and Finance, and Alderman W. A. French left Sunday to also be in attendance upon the meeting.

TRAGEDY IN RALEIGH

E. W. Smith, Traveling Salesman From Richmond, Found Dead in Rock Quarry.

FEDERAL COURT POSTPONED

Judge Waddill Will Probably Preside. Presentation of Portrait to State. Rear End Collision Delays Traffic on Seaboard.

Raleigh, N. C., Nov. 16.—Police developments today established the fact that Dr. Elbert W. Smith, representative of a Richmond, Va., coal company, and son of F. M. Smith, of New Hope, W. Va., whose body was found in the city rock quarry in the outskirts of Raleigh yesterday, was the victim of one of the worst murders in the history of the city.

He left his hotel Saturday night and it is believed he was murdered in the city and his body carried to the quarry for concealment. The body was taken to Richmond today.

(Special Star Correspondence.)

Raleigh, N. C., Nov. 16.—The remains of W. E. Smith, traveling salesman for the White Oak Coal Co., of Richmond, were shipped to Richmond this noon and a coroner's jury is investigating as to whether the death was murder, accident or suicide.

The jury drove this morning out to the rock quarry, east of the city, where the body with the neck broken, was found Sunday afternoon close by a pool of water that had accumulated in the pit of the quarry. As giving plausibility to the theory of accidental death the jury found the brink of the quarry leading to a 50-foot fall into the pit, entirely unprotected so that anyone unfamiliar with the locality could easily walk right into a death-trap unawares at night. Then the condition of the body with the broken neck, is regarded as additional evidence that the death was from a fall. A condition that puzzles the jury was the fact that the coat and vest of the deceased was at another point in the rock quarry some 50 feet from where the body lay. There were no visible signs of any scuffle leading up to murder. No witnesses were examined by the jury today. Officers are scouring the tenderloin section of the city especially, for evidence, and tracing as best they can the unfortunate man's movements during the several days he was here. Mr. Smith had not called on the coal dealers here with whom his firm does business. He was in Pool's store, East Raleigh Friday night, intoxicated and remarked to a clerk that he was "in a h—— of a fix down here in this condition and a married man, too."

The White Oak Coal Co., has, through Mr. Serey, manager, taken steps to have no expense spared in fereting out the real cause of the death. The disappearance of a valuable diamond ring and money that were known to have been in his possession Friday indicate robbery either before or after death. His clothes were wet as though he had been in the pond and it is not believed that after injuries from such a fall he could have crawled out of the water before death. The deceased was a practicing physician at one time. His brother, W. F. Smith, is in charge of the Cincinnati office of the White Oak Coal Co.

A distinguished company of ladies and gentlemen representing the social and literary life of the city and State gathered in the Representatives' hall, State House, this afternoon at 4 o'clock to witness the formal presentation of an excellent painting of Governor Alexander Martin to the State by the North Carolina Society, Sons of the Revolution. The address presenting the painting was prepared and was to have been delivered by Mr. Frank Nash, of Hillsboro. However, he was unable to be here and the address was read by Mr. Marshal DeLancey Haywood, secretary of the Society, Sons of the Revolution.

Hon. J. Bryan Grimes, Secretary of State, accepted the painting in behalf of the State in the absence of Governor Glenn, who has gone to Charlotte for the convention of Mayors in session there this week.

A rear-end collision of a log train and a local freight between Weldon and Norlina on the Seaboard Air Line, interrupted through travel early Sunday morning to the extent that through passenger trains had to be detoured over the Atlantic Coast Line and Southern Railway, Weldon to Raleigh. No one was injured in the wreck. Five freight cars were burned and others smashed and a long stretch of track torn up. The wreck was due to there being no flagman out for the log train as it stopped to take a siding.

Governor Glenn grants a second reprieve to Henry Harvey, under sentence to hang in Richmond county for murder. This reprieve is to December 17th in order that counsel may present evidence for commutation.

An order is made postponing the Wilmington Federal Court from Dec. 7th to Dec. 14th. Judge Waddill, of Virginia, will probably preside. Newbern court is changed from Dec. 15th to Jann. 1st.

—Mr. Frank M. Ross, the well known Wilmington traveling man who is now making headquarters in Maxton, spent Sunday in the city renewing acquaintances with old friends.

DEMOCRACY OF THE SOUTH.

What course should the Southern Democrats pursue in the matter of national politics ,especially as to the question of nomination of a candidate for president is receiving more and more attention among men of the party in our section as each presidential election year rolls around; and we believe the sentiment is growing stronger that the time has come for the Southern Democracy to assert itself in the national counsels of the party and to take a firmer and more pronounced position in those counsels; to demand a greater degree of influence in choosing the party's candidates and shaping its policies.

For a long time we have thought that the South, considering the fact that it did the most of the voting for its candidate, was too subservient to the wishes of the party in such small minority in the States of the North; that it was too prone to submit to the dictation of the party leaders of those States which never give an electoral vote to the nominee of the party.

This fact has been strongly emphasized in the results of the last Democratic national convention and of the subsequent election. We do not believe the Democratic party of the South wanted Bryan as their nominee. They felt sure that his nomination, coupled with assurance of the solid vote of the South, meant certain defeat. Many of them so strongly disagreed with him in his recently avowed political principles that they could not vote for him and the election returns show that thousands of men in the South who heretofore voted the Democratic ticket from President to Constable this year either refrained from voting the national ticket or voted for the Republican electors. The result in some of the Southern States, when compared with former elections, were indicative of this growing sentiment and were also starting in the magnitude of its growth.

This should be a lesson to the Northern Democracy and to a certain class of Democratic leaders of the South. They should understand from it that the Democratic masses in the South are growing more restive each year under the old regime, that they have become tired of being made the political hewers of wood and the drawers of water of the masterful party managers of the Northern States. So far, however, they have been firm in their allegiance to their party even though greatly dissatisfied with the conduct of its affairs by those who claimed that they and they alone, because of a civil war which occurred near a half century ago, were the only ones who could manage such matters without the party giving great umbrage to the whole population of the North, whether Democratic or Republican.

It is time for the Southern Democracy to stop being fooled by such talk and to declare its rights and demand that they be granted. This can be done in one of two ways: Our delegates to the national convention should vote as they please, ignoring all sectionalism and centering on the best man irrespective of the State or section of the country from which he comes or adopt the plan of Mr. W. W. Osborne, a leading Democrat of Georgia, which is that the South, with its 166 electoral votes, should withdraw from the national conventions in the future and have nothing to do with the nomination of candidates. Then they would hold the balance of power between the North and the West in the party and thereby command respect and consideration which is not now accorded her.

A POLITICAL MILLENNIUM THEN.

When it was announced some months ago that a Republican legislature had been elected in Oregon but that the State primary had chosen a Democrat for U. S. Senator we had little faith in his being elected by the Republican legislature, though the legislative candidates on both sides had agreed to vote for the man chosen at the State primary no matter to what party he belonged. It seemed too wonderful a thing that a Legislature in which the Republicans had a majority should elect a Democrat to that high office. That we were right in our surmise that such a thing would not be done or that efforts would be made to prevent it is borne out by the latest movement in that State to prevent such results of the primary. The Republicans are now circulating documents through the State for Republicans to sign in which they absolve the Republican Legislators from their pledges to vote for whomever the primary might nominate. This is the way they will get out of it though we cannot see how this can free from his pledge any man elected to the Legislature under that solemn promise. It was an agreement made between Democratic and Republican voters. Now one side seeks to nullify the agreement not only without the consent, but against the protest of the other. But what more could he expect in the circumstances. When the Republican party stands by such an a greement one may look for the millennium to be close at hands.

FEDERAL SUPREME COURT.

If no vacancies occur on the Federal Supreme Court Bench before the expiration of Roosevelt's term of office there will probably be seven vacancies to fill in that court by Taft while President even should he serve only one term; and if he is elected to a second he will surely have the appointment of seven men out of the nine who compose that court. From the Wall Street Journal of recent date we take the following statistics as to age of the men at present constituting that court:

"Of the nine members of the Supreme Court of the United States, five have already passed the age of retirement, and two others will cross the 70-year mark during the next presidentional term. Justices of the Supreme Court are eligible to retire at the age of 70 years. Chief Justice Fuller is 75 years old, Associate Justice Harlan 75, Associate Justice White 73, Associate Justice Brewer 71, Associate Justice Peckham 70. Associate Justice Holmes is 67 years old, and Associate Justice McKenna 66. The personnel of the Federal Court of last resort will almost inevitably undergo important changes under the regime of the President elected on November 3rd."

The cartoons illustrating the killing of ex-Senator Carmack borrowed from northern papers by some newspapers in the South for reproduction are not calculated to increase the respect of any one for what our people pride themselves on as Southern chivalry. We are surprised that any southern paper should reproduce them. We do not believe in efforts of the Southern press, through borrowed illustrations from northern papers, attempting to make conditions in our section appear worse than they really are. Such seems, however, to be the effort of some of our newspapers.

The Star regrets to learn of the financial embarrassment of the Industrial News of Greensboro which necessitated that paper being put in the hands of a receiver. We hope that its present difficulties will soon be settled and that it will be on its feet against. The paper has always been well edited and has been fair and open in its advocacy of the political party to which it belonged. We extend our sympathy to its management and to those who put their money in the venture and wish them speedy recovery from their present difficulties.

Charlotte made grand preparations for a reception of the Governor last evening commensurate with the high office that he holds. You can always count on the Charlotte people doing the right thing at the right time, especially when it comes to doing honor to the public officials of the State or Nation because of their respect for the office they hold.

Atlanta's ex-Mayor, present Mayor and nominee for the next term—all in one—is in hot water again because of some of his alleged "little excentricities of habit" which he formerly indulged in and which he promised to abandon if the people of that city would again elect him as their chief executive.

CURRENT COMMENT.

—The most remarkable thing about the now famous interview on foreign affairs which Emperor William gave for publication in The London Daily Telegraph is not the indiscretion of the "infallible" ruler, but the extent to which unchecked criticism and condemnation of it is permitted throughout the German empire.—Atlanta Constitution.

—An intimation has worked to the surface that the President of the Standard Oil Bank owns a controlling interest in The Outlook, the paper for which President Roosevelt has signed as editorial writer at a dollar a word. Roosevelt, himself, is not much concerned over the report. He will be responsible only for what he may write, and the Standard Oil will be responsible for his salary.—Charlotte Chronicle.

—If the evidence is conclusive that Mayor James G. Woodward, of Atlanta, has been guilty of grossly immoral conduct since his nomination for a third term, such conduct abrogates the moral contract into which the voters entered when they voted on his nomination, and the voters are free to choose whom they will for the office. Prior to Mayor Woodward's recent nomination, and while he was serving as Mayor, criticisms of his private life were made on more than one occasion, and published broadcast. Our recollection is that the Mayor acknowledged his "indiscretions" and publicly promised to mend his ways. If he has broken that pledge to the citizens, as he has apparently, the citizens are absolved from further allegiance and support. — Richmond Journal.

—It is learned by wire that the News-Scimitar, a leading newspaper at Memphis, is calling editorially for the impeachment of Governor Malcom R. Patterson, of Tennessee, charging him with maintaining and aiding and abetting a organization of men whose object is to force certain political measures upon the State, and in the furtherance of such design and undertaking the slaying of Ex-Senator Carmack was consummated. Such an expression by the News-Scimitar shows the extent to which bitter hostilities have been engengered in a great State by the killing of the State's most brilliant and distinguished public man. It is greatly to be regretted that the difficulty which resulted in the tragic fate of Mr. Carmack had not been peaceably composed, as doubtless could have been done in its earlier stages.—New Orleans Picayune.

—The Legislature may well afford to come to the help of the Reform School at Concord, which has so promising a future and so great a work to do. For years there has been a crying need for it. The wayward children of the State have not had the care they deserved. Old North Carolina has been unfaithful to her disobedient boys. If this institution is wisely conducted (as we have no doubt it will be) it will prove a blessing beyond price. It has a distinct and fertile field. It ought never to come in conflict with any other institution. Latin and music need not be in its curriculum. Its great business should be to save a wandering soul to truth and honor. It should ever be on the lookout to help the lowly and the ignorant. It should never put on any airs or frills. Its mission is among the neglected and forgotten, and it must keep its rudder true.—Charity and Children.

—Nearly everybody sympathizes with the man who has done wrong at one time in his life and fallen under punishment of the law and who is trying to live down his past, behave himself and wipe out his shame. It appears that Haas, the man who shot Assistant Prosecuting Attorney Heney in a San Francisco court room yesterday had been a convict in his youth. Since that time he had been a respectable citizen and had married and become the father of four children. When he undertook to serve on a jury in one of the cases against Ruef, the blackmailer and grafter, his former record was exposed by Heney and the story was printed in the newspapers, Haas being expelled from the jury. It is easy to imagine that a man going to his home in such circumstances, witnessing the humiliation of his wife and children, and fancying, at least, the scorn and distrust of his neighbors, would be maddened with shame and rage. One of the most pathetic scenes ever witnessed in a court room occurred a few years ago, when a Baptist preacher, seventy years old, a man of saintly life and good works innumerable, called to the witness stand in a case, was confronted by a smart Aleck young lawyer with a record showing that more than fifty years before he had served a term in the penitentiary for burglary. The old man trembled and drooped, and with the dramatic force of simple words and unpremeditated gesture, called for God and his neighbors to witness that with forty years of humble devotion he had tried to expiate that one sin against the State.—Richmond News Leader.

—Eminent Advocate—Well, my little man what are you going to be when you grow up? Little Man—Father thinks I should become a lawyer. Eminent Advocate (highly flattered)—Why does he think that? Is it because you are so clever? Little Man—Oh, no, It's because I ask so many silly questions!—London Opinion.

—"You don't suppose we take boarders because we need the money!" exclaimed Farmer Corntossel, loftily. "I had some such idea," answered the man who had ventured to criticse. "Not at all. For Vague Pains

Backache, Headache

and other pains, all over a woman's body, are often caused by some, not well understood, female disease.

No one can tell just where female trouble will affect you. It acts in a different way on different people. Hence, treating the symptoms gives but little benefit, and the most successful method may be said to be the treatment of the cause—which you may do, by taking Cardui.

What Cardui has done for other women, it ought surely to do for you. Mrs. M. E. Allred, of Hartford, Wash., writes: "Ever since I was 16 years old, I have suffered from female troubles. I had headache, backache and other troubles, every month. Some two years ago, I began to use Cardui, and since then I have had no backache, my other troubles have stopped, I don't need any medicine, and I am well."

Now Is the Time to Advertise in The Star.

RECTOR KILLED BY AUTO.

Prominent Connecticut Clergyman Met Frightful Death.

(By Wire to the Morning Star.)

New Haven, Conn., Nov. 14.—Rev. Dr. G. Brinley Morgan, rector of Christ's Episcopal church, and one of the most prominent clergymen in the diocese of Connecticut was struck down by an automobile late today in front of his church, and died shortly after midnight. He had just left the edifice on his way to his home when a touring car driven by Samuel Campbell, hit him, tossing him high in the air, according to by-standers.

Campbell immediately stopped his car and waited until an officer came up and took him to the station.

Dr. Morgan was about 55 years of age, and connected by family ties with many very prominent people of the country. He officiated at the wedding of Alfred Gwynne Vanderbilt and Miss Elsie French, being a relative of the latter.

—Durham, N. C., Nov. 14.—There is a small sized "Night Rider" proposition now on in Durham. This is a notice that was left attached to the front door of a home occupied by a colored family in which notice was given that the family had better move from the neighborhood, as they were objectionable to the white citizens. With the notice was a newspaper clipping telling of the fate of the Walker family in Tennessee and two red strips of flannel that were two feet in length. This was the warning. The house occupied by the colored people is on Pine street and in that immediate section there are several white families. The notice telling the negro family to get out cited the fact that they were not wanted in the neighborhood and that they had better get out by this evening. The newspaper clipping telling of the killing of the Walker family in Tennessee was attached to the red strips of cloth and it was stated that the same fate would be meted to this family unless the demands were complied with The notice was signed "Night Riders." The police have the note that was left attached to the door and are looking into the matter. As yet there is no evidence that will cause any arrest.

—Industrial News: It is not an agreeable announcement to make at a season which reminds us of the near approach of Thanksgiving, but it is necessary to say that W. I. Underwood, at one time city editor of the Charlotte Chronicle, and at present editor of the Patriot, was yesterday appointed receiver of the Industrial News. This action was taken at the instance of some of the stockholders, as well as creditors of the company, who felt impelled to such action by a desire to safeguard the interests of all concerned. Of course the immediate future of the paper will be determined by the receiver, after a thorough investigation of our internal affairs, but we are harboring the hope that a way will be found to continue the publication of the paper without missing an edition, and without altering the paper's policy We likewise indulge the hope that a way will be found, at no distant date, to meet every obligation. Our period of adversity, we further hope, not without reason, will be short-lived.

Seth M. Millikin, of New York, and a party of Northern capitalists were in Laurens, S. C., yesterday in attendance at the annual meeting of the stockholders of the Laurens mills It was decided to place a large number of additional looms and increase the capacity of the mills.

Governor Campbell yesterday issued a proclamation effective today, declaring a rigid quarantine against smallpox, yellow fever, cholera, typhoid fever, bubonic plague or other communicable diseases, either within or without the State of Texas.

BIRDS' TONGUES.

Why the Parrot Is Able to Imitate Human Speech.

One of the government naturalists at Washington has recently gathered some fresh information concerning the tongues of birds.

Many people suppose that woodpeckers use their sharp pointed tongues as darts with which to transfix their prey. It is true that the woodpecker, like the humming bird, can dart out its tongue with astonishing rapidity and that its mouth is furnished with an elaborate mechanism for this purpose, yet, according to the authority mentioned, investigation shows that the object of this swift motion is only to catch the prey, not to pierce it. For the purpose of holding the captured victim the woodpecker's tongue is furnished with a sticky secretion.

Considering its powers of imitating speech, it is not surprising to learn that the parrot's tongue resembles that of man more closely than any other bird's. It is not because the parrot is more intelligent than the other birds, but because its tongue is better suited for articulation than theirs, that it is able to amuse us with its mimicry.

The humming bird's tongue is in some respects the most remarkable of all. It is double nearly from end to end, so that the little bird is able to grasp its insect prey with its tongue much as if its mouth was furnished with a pair of fingers.—Chicago Record-Herald.

NEW BOOKS FOR LIBRARY

Old Catalogue Case Inadequate—Librarians at Greensboro.

On account of the number of books now owned by the Wilmington Public Library, acquired both by purchase and gifts, the old catalogue case has proved inadequate and a new one has been purchased to meet the increased needs. Also larger accommodation has been found necessary for the increased registrations, which have reached the gratifying number of 2,051. It is a pleasure to all friends of the library to know of its increased usefulness and progress. Early in the Fall the experiment of keeping open evenings was tried and so successful has this been that it has been decided to continue the longer hours, which will be from 10 A. M. to 9:30 P. M. with an attendant present at all times to furnish any information desired.

At the recent convention of the State Librarians at Greensboro the Telegram of that city printed a special library edition of its paper and among the list of successful institutions in North Carolina is a sketch of the Wilmington library, contributed by Miss Elizabeth Waddell, the librarian here. This will be published in full later to show the steady and most satisfactory growth of the library work in Wilmington.

WRECK ON COAST LINE

Three Cars of Carnival Special Demolished—Trains Delayed.

In a wreck caused by a broken rail, near Whiteville, on the Wilmington, Columbia and Augusta division of the Atlantic Coast Line, before day yesterday morning three cars of a special freight conveying a carnival company from up the State to Dillon, S. C., were demolished and the line was blockaded to traffic for several hours. The Charleston train due to leave here at 5:15 A. M. had to be held until the wreckage was clear, a wrecking crew having been sent out from here. So far as was learned, no one was hurt but the carnival paraphernalia was pretty well destroyed in the three cars that were smashed. The wreck was cleared in time for the afternoon train from Columbia to get through without delay yesterday.

CAPT. JOHN DUCKETT DEAD.

Expired Suddenly in Raleigh Yesterday—Sadness in Lumberton.

(Special Star Telegram.)

Raleigh, N. C., Nov. 16.—The people of Raleigh were shocked this afternoon by the sudden death of Captain John Duckett, in the Supreme Court building. He was joking with a party of friends at the entrance of the law library when he threw his hand to his chest and exclaimed "My God what is the matter with me," quickly falling backward into the arms of his friends. He made a few labored efforts for breath before the death pallor settled upon him. He was dead before medical aid could be summoned.

Captain Duckett for some time had been superintendent of State Normal Schools for the Negroes at Winston, Elizabeth City, Fayetteville and the Croatan Indian State Normal, in Robeson county. He had been in the State Department of Education the past eight years. Captain Duckett was 65 years old and leaves a wife and five children, including Mrs. Biggs, of Lumberton, and Mrs. Miller, of Hendersonville. He taught school a long while in Lumberton before coming to the State Department of Education. The interment will be at Cary, this county, probably on Wednesday.

Lumberton, N. C., Nov. 16.—A feeling of sincere sorrow and regret spread over the town this afternoon when a telegram brought the distressing information of the sudden death in Raleigh of Captain John Duckett. A few years ago he resided here being for some time principal of Robeson Institute and has ever since been regarded as a citizen of Lumberton. No one had more friends among our people that he had. He spent election week here and was gladly welcomed by a large circle of friends. His son-in-law, Mr. K. M. Biggs, left on the evening train for Raleigh. It is not yet known here when or where the funeral will take place.

BUSINESS FIRMS CHANGE.

Messrs. E. A. Metts and D. D. Barber With Worth Company.

A business deal of much interest was consummated recently, in which Messrs. Edwin A. Metts and D. D. Barber, two young men of high character and business ability, became associated as active men in the Worth Company, having purchased an interest in this well known wholesale firm, assuming management of the company beginning with yesterday. The Worth Company for years has been among the largest wholesale concerns in the city and Messrs. B. G. and C. W. Worth will still be identified with the firm, but the new partners will have active management of affairs. These gentlemen have had many years of experience and the future success of the old established firm is assured.

Mr. Edwin A. Metts, with the change in the ownership of the Worth Company, withdraws from the brokerage firm of James I. Metts & Son, of which he was the junior partner, and the latter company will in the future be conducted under the name of the James I. Metts Company. He is a young man of popularity and experience. Mr. Barber has been with the leading wholesale houses on the wharf for the past 15 years and is a young man of integrity and ability, commanding the respect and confidence of the business community.

MRS. SARAH KING DEAD

Occurred Yesterday Afternoon Following a Lingering Illness.

The death of Mrs. Sarah Olive King occurred at her home, 709 South Second street, yesterday afternoon at 2 o'clock, after an illness covering a period of several weeks. It will be learned of with sincere regret by her many friends in this city and elsewhere.

Her condition during the past few days has been such that her relatives and friends entertained little hope for her recovery. She was held in high esteem and infinite sorrow is expressed by her many acquaintances at her passing away. She was 60 years old and of the immediate family there are surviving two children, as follows: Mr. J. E. King and Miss Louetta King, who reside in this city, and also two brothers who live at Scott's Hill.

The funeral will be from the home this morning at 11 o'clock, conducted by Rev. W. L. Rexford, pastor of Trinity Methodist church, and the remains will be conveyed to Scott's Hill, where they will be interred.

DEATH OF A CHILD.

Infant Daughter of Mr. and Mrs. W. R. Dosher.

Following a brief illness, Haldane Caroline, the infant daughter of Mr. and Mrs. Wilbur R. Dosher, died at the family home, No. 219 South Sixth street, Sunday afternoon at 2 o'clock. The infant had been sick for only a few days and its death came rather unexpected, and many friends extended the deepest sympathy to the grief-stricken parents.

The funeral services over the remains of the infant will be held from the home this morning at 10 o'clock by Rev. K. D. Holmes, pastor of the Fifth Street Methodist church, and the interment will be in Oakdale cemetery.

An Astyptodyne Exhibit.

Mr. C. R. Anderson, with the Astyptodyne Chemical Company, of this city, has on display in one of the large show windows of the J. Hicks Bunting Drug Company, a creditable exhibit of the Astyptodyne remedies which are rapidly becoming popular wherever they have been introduced. The window has a setting with native pine, illustrating the fact that it is from the pine that these preparations derived their curative powers, and there is a neat arrangement of all the Astyptodyne compounds. The display is attracting much attention from all who pass that way.

The Theatre

Wilmington threatre-goers will be delighted to know of the appearance here this month of two of the big Jules Murry productions—Florence Gear in "Marrying Mary" on the 24th, and Paul Gilmore, the Wilmington favorite, in "The Boys of Company B," which comes on November 30th.

Mr. Harry Haruy, a special representative of the Murry attractions, arrived in the city yesterday in advance of the two big productions and it will be of local interest to know that the appearance of Mr. Gilmore here will be made the occasion of another big military night, the arrangements for which are now under way. The Murry attractions need no commendation where they have been seen and it is enough to say that both Miss Gear and Mr. Gilmore will receive an enthusiastic reception from Wilmington theatre-goers.

At The Crystal.

It seemed last week that the Crystal Palace had reached the pinnacle in the way of big and expensive bills at such small prices, but the bill this week is said to even eclipse the one of last. The new offering, which opened at matinee yesterday afternoon, playing then to large audiences, is the biggest and most expensive one yet made. It is headed by the well known trio, Adair, Dale and DeOrmond. The trio presents a one-act comedy "After the Race," which is filled with songs and merry jests. The playlet possesses a ludicrous plot, though there is an impressive touch of pathos to it at advantageous points. Another topliner is Miss Bessie Nitrom, a singing and dancing soubrette, and she is one of the best that has ever "shuffled" on the stage of the Palace. She brightens her act with some quick and picturesque changes. Others on the swell bill are Raleigh and Raleigh, who present an exceedingly clever sketch, interspersed with songs and rapid-fire joking, and Chas. Ewing-blackface comedian, who is being seen in a good monologueu.

FEASTED ON THE BET.

Royal Arcanumites Given a Supper by Mr. Bonitz.

Members of Carolina Council, Royal Arcanum, were given an elegant supper last evening at the council hall on Princess street and aside from the purpose of enthusing interest in this well known lodge, the event came about in a rather unique manner, and over a sensible election wager between Mr. Henry E. Bonitz, a Democrat and a strong Bryanite, and Mr. W. J. Meredith, a Republican of long standing, who proposed a supper over the result of the election, the loser footing the bill.

Aside from party affiliations these two gentlemen are enthusiastic Arcanumites and they gave their friends a most enjoyable evening explaining the significance.

Some 20 members of the Council were present including several visitors and following the supper pleasantries were engaged in until a late hour in the evening. Regent W. J. Toomer and Mr. J. Well of the Cornelius Harnett council, were the invited guests outside of Carolina Council.

During the evening a letter was read from the Supreme Regent congratulating the grand lodge officers of North Carolina upon the fine showing they have made in the large net gain in membership in this State.

NEGRO SLASHES ANOTHER.

Julius Evans, Colored, in the Lock-Up; His Victim in Hospital.

Last night shortly before 12 o'clock, at Seventh and Castle streets, Julius Evans, colored, cut and perhaps fatally wounded another colored man, who is in the hospital and said to be in a dangerous condition. Mounted Officers Frank George and W. R. Appleberry arrived on the scene of the affray shortly after its occurrence and arrested Evans while the ambulance was summoned for his victim. It is stated that Evans denies his guilt, though at the police station Capt. Smith found a knife on his person bearing blood stains.

The wounded negro is Kirk Brown, a driver at Davis' stables, who had carried Julius Evans and several others up town in a vehicle and they had refused to pay him. Words passed and Evans drew his knife, slashing the driver down the cheek, in the throat and several times in the back. Early this morning it was stated from the hospital that Brown would recover.

Negro Arrested For Larceny.

Last night Justice G. W. Bornemann had an emergency call from Mr. B. P. Strickland, superintendent of the Almont fertilizer factory up the river, conveying the information that the watchman up there had caught a negro in the act of stealing a sack of fertilizers from the factory, wholesale robbery of this kind having been going on for some time. On board the "good ship" Lillie, with Capt. Hall at the helm, the "Judge" and Mr. Strickland went up to the factory in good time and there found Prince Tolar, colored, bound in his boat with a sack of the stolen fertilizer by his side. He was brought back to Wilmington and lodged in jail for a hearing before Justice Bornemann at 4 o'clock this afternoon. Bond for his appearance was fixed at $300.

BIG TAX CASE DECIDED.

Decision in Case of Kentucky Against Southern Pacific Railroad.

(By Wire to the Morning Star.)

Louisville, Ky., Nov. 16.—County Judge Arthur Peter today handed down an opinion in the long standing litigation of the Commonwealth against the Southern Pacific Company involving taxes on $300,000,000 worth of property.

Judge Peter decided in the cases for taxes for 1907 and 1908 that the franchise tax assessed by the State Board of Valuation and Assessment covers all the intangible property upon which the company must pay taxes in Kentucky and that the county board of equalization cannot go back of that and assess intangible property.

On the second question, Judge Peter holds that the steamships of the defendant company which are set out by name in the suit and which aggregate $8,000,000 in value are taxable in Kentucky and must be paid on here.

(By Wire to the Morning Star.)

New York, Nov. 16.—A large tank steamer which was anchored with heavy seas breaking over her, just south of the Deleware Breakwater, and apparently in distress, was reported by the cable steamship Relay, which arrived here today. As he was short of coal and a gale was blowing Captain Oldham, of the Relay, said he did not attempt to ascertain the trouble. The tank steamer whistled several times and displayed signals which could not be read. Several miles south of the steamer two barges were sighted which were also at anchor with seas breaking over them.

CUSTOMS DUTY ON SUGAR

Discussed Before the House Committee—Secretary of War Wright Favored Free Sugar From the Philippines.

(By Wire to the Morning Star.)

Washington, Nov. 16.—The allegation that the so-called "sugar trust" controls the price paid the grocer and the price charged the consumer of sugar, the Secretary of War putting himself on record as a champion of free entry for Philippine sugar, and the general "stand-pat" attitude of the beet sugar growers who appeared before the Ways and Means Committee of the House, were the features of today's hearing on the revision of the tariff as it would affect sugar.

Secretary of War Wright was present at the hearing today. Chairman Payne asked Secretary Wright if he cared to make any remarks. "We are now having an investigation made in the Philippines regarding the cost of production in the islands and other matters relating to the question' said Mr. Wright. "From what I have heard, the principal objection by the beet sugar growers to the admission free of duty of Philippine sugar lies in the danger that their market will be inundated by the Philippine article.

"It is not possible that the Philippines could supply the actual increase in demand for sugar year by year, in the United States."

Chairman Payne indicated that the possible action of the committee with regard to the sugar schedule would be to recommend that a certain amount of Philippine sugar be admitted free of duty each year and that the present tariff be imposed on any above that amount. He said that the menace, if any, was from the Cuban sugar which enjoys a reduction in the tariff of 20 per cent.

"The beet sugar people say that the American Sugar Refining Company has no interest in their factories," said the secretary, referring to the so-called "trust." "Yet three years ago they said a trustee, understood to represent the American Sugar Refining Company, owned 51 per cent. of the stock of all the beet sugar factories. That may be the reason why the beet sugar industry in this country has not grown, rather than the importation of Cuban sugar."

Colonel D. D. Colcock, on behalf of the Louisiana cane sugar growers, said that the methods by which the "trust" names the price which it would pay the grower were unfair and "damnable."

Two of the suits were brought for the forfeiture of all importations of sugar delivered at the Havemeyer & Elder Refinery for a period of but two years, owing to the statute of limitations, although the first action alleges fraudulent weighing for six years.

The complaints charge that the checker at the Brooklyn Refinery so manipulated the platform scales as to conceal the true weights. The second and third suits involve amounts exceeding $500 and the others vary between $200,000 and $300,000.

The first of the suits was for $1,500,000 and was filed with the courts on October 16th and the others were filed on October 28th. The filing of the actions was kept from public knowledge until after the election, but was made known today.

The American Sugar Refining Company has entered a general denial of the charges.

FUNDS NOT SUFFICIENT

To Pay Expenses of the Democratic National Campaign.

(By Wire to the Morning Star.)

New York, Nov. 16.—The contributions of the Democratic National committee during the presidential campaign recently ended were not sufficient to meet the expenses of the campaign, according to Norman E. Mack, chairman of the committee. Mr. Mack said today that he would make the deficit good out of his own pocket and that he would regard it as a personal obligation to see every bill was paid. A statement of the receipts and expenditures of the committee will be filed with the Secretary of State at Albany on November 24th.

Asked who was going to pay for the maintenance of permanent Democratic headquarters which are to be opened soon, either in Washington or New York, Mr. Mack said:

"The Democratic party of the United States is going to pay for it. I have had efforts from every state in the union to contribute to a fund for the purpose."

After an autopsy and nearly 24 hours of investigation the local police announced that they were satisfied that Mrs. Charles W. (Chick) Stahl, the widow of the American League baseball player, whose body was found in a doorway of a house in South Boston, Mass., died from natural causes.

Valedictorius of the Late Emperor and Dowager Empress—Conference of Diplomats in Peking—Japan's Attitude.

(By Cable to the Morning Star.)

Peking, Nov. 16.—Following the publication yesterday of the late Emperor Kuang Hsu's valedictory, recommending the reference of the important affairs to the Empress Dowager now dead, another edict was issued at 1 o'clock this morning giving the late Dowager's valedictory commending the new dowager, Yehonala to the confidence of the young Emperor's regents.

The new Emperor's installation on the throne and the naming of the new era will take place, it is expected on the Chinese New year, January 21st.

At 3 o'clock this afternoon a conference of diplomats was held to discuss proper steps for recognition of the new Government.

Pasadena, Cal., Nov. 16.—"I look upon the death of the Dowager Empress of China as a personal loss," said Mrs. E. H. Conger widow of the former minister to China, E. H. Conger today.

"When my husband was United States minister to China, I had special opportunity of becoming acquainted with her. I admired her greatly. She was truly a remarkable woman."

Tokio, Nov. 16.—The announcement of the death of Peking of both the Emperor and the Dowager Empress caused a heavy fall in the stock market in Tokio, but official views are optimistic: It is generally believed that the Emperor died after the Dowager, and some newspapers express this opinion, while others assign sinister causes for the Emperor's death. The Emperor of Japan, who is attending the naval review at Kobe, sent a message of sympathy to Tokio, as also did the members of the Cabinet. All the flags in Tokio are at half mast.

Officials decline to be interviewed, though the statement made by the Associated Press on November 14th that it is not Japan's intention in the event of disorder or disorganization in Chinese territory to take any step until after a consulation of all the interestsed nations and an agreement between the powers may be regarded as expressing the attitude of the government.

The leading Japanese officials undoubtedly are closely observing the situation in Peking. There is every indication that Japan is fully prepared for eventualities in China in order to protect her interests should a repetition of history occur but it is believed she expects the advice and co-operation of America.

THE FREE PASS QUESTION.

Raised in a Suit, But Cases Dismissed on Point of Jurisdiction.

(By Wire to the Morning Star.)

Washington, Nov. 16.—The Supreme Court of the United States today reversed the decision of the United States Circuit Court for the Western District of Kentucky in the case of the Louisville & Nashville Railroad Company vs Erasmus L., and Annie E. Mottley, on the ground that that court was without jurisdiction, both parties being citizens of Kentucky. The case involved the interesting question whether the Hepburn railroad act prohibiting the issuance of free passes could be invoked to annul a contract.

The Mottleys received injuries on the Louisville & Nashville road in 1871 and agreed to accept free transportation on the road for the remainder of their lives as compensation for the damage done them. When the Hepburn Act went into effect the road refused to issue further passes on the ground that it was prohibited by law, and the couple brought suit to compel compliance with the contract. The court avoided dealing with this question and in reversing the decision of the court below directed it to dismiss the case.

CHINESE FINANCES.

An Edict Establishing a Certain Coin as the Monetary Standard.

(By Wire to the Morning Star.)

Peking, Tuesday, Oct. 13.—The appeal by the Grand Council to the Viceroys and Governors for advice on the subject of a standard monetary unit and coin for the Empire has resulted in the adoption by edict of the Ku-Ping Tael, value about 70 cents gold as the standard money unit, and a coin of the value of a half tael to be the coin of general circulation. The edict goes over the difficulties of changing the money of China from a system of weight to a coin system, the former being relied on by officials and bankers to enable them to squeeze from commerce a large part of the revenues. The edict says that Chinese financiers are now in confusion.

BRYAN AT CABINET MEETING

Efforts of a Blind Preacher to Have This Established.

(By Wire to the Morning Star.)

Washington, Nov. 16.—Timothy White a blind preacher of Alexandria, Va., went to the White House today to insist upon presenting to the President a proposal to open Cabinet meetings with prayer. When he found it difficult to reach the President he consented to get a card of introduction from some public man and make another visit.

Young Robin Cooper, who shot and killed former United States Senator E. W. Carmack on the street last Monday afternoon and was himself wounded in the shoulder, continues to improve. It is not known when he will be removed to jail.

Man Who Says he Will do a Thing and Does it

INSISTS ON SQUARE DEAL

Business Man Who Will Not Accept a Dollar Unless People are Satisfied They Have Received Value.

The people of Wilmington are becoming more interested in the famous Plant Juice remedies, now being introduced in this section of the State by Col. Frank A. Dillingham and his representatives, a fact which is clearly shown by the sales and the increasing demand for information concerning this great medicine. People seek this knowledge not only by letter, but by calling in person at the apartments of Mr. Mills, Col. Dillingham's local representative, who was kept busy during the last two days receiving visitors.

The announcement of every new cases of relief afforded by the use of Plant Juice brings a large number of inquiries from local and out of town people, who want to know if the remedy will cure them, and the price at which it is sold. If they are suffering from some one of the many forms of disease that Plant Juice has demonstrated its ability to cure they are told that it will relieve them, and are shown the statements of the hundreds of persons who have been cured of this particular trouble. If the inquirer is suffering with some form of disease in the treatment of which Plant Juice would not be effective, they are so informed, as Col. Dillingham will not permit a bottle of Plant Juice to be sold to anyone whom it cannot benefit.

To say that Col. Dillingham will not sell Plant Juice to a person who will not be benefitted by its use may seem an unusual statement to come from a business man who has something to sell, but it is fully borne out and proven by the Dillingham method of doing buisness. Col. Dillingham insists upon returning to the purchaser every dollar paid for a bottle of Plant Juice if it fails to benefit the person who bought it, and does not accomplish all that is claimed for it. All that Col. Dillingham asks is that Plant Juice be given a chance to prove its power in the treatment of disease and that it be given a fair trial of at least one week. If at the end of this time it has failed to accomplish its mission the money paid for it will be returned upon presentation of the unused portion of the medicine and the carton in which the bottle was packed.

This proves beyond all question that Col. Dillingham is sincere in his desire to conduct his business along strictly honorable lines, and the people of this section of the State have become convinced of this fact, as is shown by the demand for Plant Juice in Wilmington.

President Sullivan's address dealt especially with the features of the Olympic competition which have attracted American attention and criticism.

"In general," said, Mr. Sullivan, "we don ot fell that the management of the games was what it should have been; we feel confident that if we are to have future international competition some definite plan must be adopted whereby each country that enters a team shall have a voice in the mangement."

UNITED STATES AND JAPAN

Friction Between Countries Ended With Visit of Fleet.

(By Wire to the Morning Star.)

Washington, Nov. 16.—Japan it developed today, took the initiative and made to the State Department a proposition now under consideration some reference to an incident of which led to official statements denying that there was any friction between the two countries.

From guarded statements made in responsible quarters today, the question is believed to be broader than at first thought. One feature, it is understood, contemplates a restatement by both the United States and Japan regarding their attitude towards China, not Manchuria alone.

Ever since the Japanese school question was at issue in California, when it was freely predicted both in the United States and Europe that war might come, it was pointed out today, the development of the relations between the two countries has been along satisfactory lines and embodied the ratification of an arbitration treaty, a trade mark and copyright convention, and the regulation of emigration from Japan, culminating in the sending of the American fleet to Japan on a friendly visit.

Is Evidence In Your Favor.

When it comes to establishing your character and business ability ask any business man who employs other men. It means more than that you have so much money in the bank. It is evidence that you have self control and persistance—two traits of character that will carry you far along the road of worldly success and happiness.

One of our Bank Books entitles you to 4 per cent. interest compounded quarterly besides.

SPIRITS TURPENTINE

—Bayboro Sentinel: On Tuesday Elijah Slade, colored, caught 53 fine black bass and two rock fish in about six hours with hook and line near this town, which he sold for more than $5. Lige can rest the rest of the week without fear of the Wolf entering the door.

—Lenoir News: In a private letter received from Rev. H. C. Marley, of Gentry, Ark., he informs us that he has received and accepted a call from the Baptist church at Murphy, and will be in Murphy this week. We are glad to know that the Rev. Marley is in the Old North State again.

—Charlotte Observer 15th: Governor Glenn will arrive in the city tomorrow afternoon at 4:15 o'clock to attend the Municipal Convention and will be met at the depot by the local militia. He will be accompanied by his entire staff at this meeting and Mayor Franklin thinks it fit to have the Charlotte artillery boys to meet him at the station and escort him to his hotel. It will be no pompous display, but merely to do honor to the Chief Executive.

—Charity and Children: The Lumberton Baptists are preparing to build a large and beautiful house of worship. They have already $20,000 subscribed, one member giving $5,000 and another $2,500. This is not only the wealthiest church in Robeson county, but in many respects it is the best. The Sunday school gives $800 a year to the orphanage. Pastor Durham is one of the wisest and most progressive pastors in the State.

—Gastonia Gazette: In Tuesday's paper we told our readers something of the results accomplished in this county during the season just past by the farmers who cultivated ground under the plans outlined by the co-operative demonstration department of the government. One farmer raised over 90 bushels of corn on an acre, nearly 20 bushels more than he had ever raised before. Other farmers increased their yields, though not quite so much.

—Charlotte Chronicle: The Jewell Cotton Mill, which was organized several week ago, as stated in The Chronicle, by Mr. T. J. Lillard, is having plans and specifications prepared by Stuart W. Cramer Company for the plant which will be located in North Charlotte, near the Highland Park Mill. The plant will be equipped with about 6,000 spindles for manufacturing fine yarns, 60s to 100s from long staple cotton. As soon as specifications are completed bids will be invited for construction and machinery.

—The Montgomerian: The recent rich gold discovery near Onville, in this county, continues to increase in value. Mr. C. A. Armstrong has rebonded the property of Captain Jones who has been doing some development work on it and the vein increased in width and value in depth at 12 feet deep, the gold in the ore can be plainly seen with the naked eye and the estimated value of ore is about $5,000 per ton. The discovery promises to be the most valuable ever struck in this county and it is creating considerable excitement.

—Asheville, N. C., Nov. 14—It was stated positively this afternoon by those closely identified with Mrs. Sophia Harrison Eastman, that the litigation pending in the courts of Henderson county between Mrs. Eastman and Captain V. E. McBee, and the criminal charge brought against Mrs. Eastman, set for hearing at Hendersonville November 19, would not interfere in the least with Mrs. Eastman's marriage to Mr. Edwards, of Norfolk, Va., at Arden, Tuesday, November 17. It is said that after the marriage Mrs. Eastman with her husband will remain in Henderson county to appear at trial Thursday and face her accusers.

—Kinston, Nov. 14.—A telephone message from Snow Hill last afternoon reported the death of Captain Swift Galloway at 3 o'clock. He had been in bad health for some time and his death was not unexpected. Captain Galloway was about 70 years of age and was prominent in eastern North Carolina. He served several terms as solicitor, occupying a number of positions of trust, and was Representative from Greene county in the last Legislature. Rev. J. H. Griffith, rector of St. Mary's Episcopal church at Kinston, went to Snow Hill this afternoon and will conduct the funeral services tomorrow afternoon. Captain Galloway is survived by two children, his wife having been dead a number of years.

—Industrial News: With complete election returns from all the counties except Clay, Dare and Harnett, it is shown that Bryan's majority, outside the three missing counties, is only 19,769. Kitchin's majority over Cox is 34,428. The returns from Clay, Dare and Harnett will probably swell Bryan's majority to 20,000 and Kitchin's majority to 35,000. Four years ago Parker's majority over Roosevelt was 41,679. That year Parker received 124,121 votes to Roosevelt 82,442. In 1904 Glenn's majority over Harris was 49,256. Glenn's total vote that year 128,161, while the total vote for Harris was 75,505. Not counting the vote in the three missing counties the Republicans made a gain this year in the vote for President of 30,373, and in the gubernatorial vote a gain of 24,822.

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong; He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complains. Sold under guarantee at R. R. Bellamy's drug store. 50c.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Nov. 16.—The cotton market was not so active today and fluctuations were narrow with the close steady at a net advance of 11 points on November, other months being 1 point higher to 3 points net lower. Sales for the day were estimated at 175,000 bales.

The market opened steady at unchanged prices to a decline of 3 points in response to lower cables than expected, but rallied on Wall street bull support and some scattering demand from Southern sources which was believed to represent covering of heges. At one time the active months ruled about 2 to 4 points higher, but eased off slightly toward the close under realizing. Fluctuations were within a range of about 5 points. Southern spot markets officially reported were generally unchanged. Uncertainty regarding the probable action of the New York revision committee at its meeting after the close on Wednesday and with reference to the showing of the census report which is due at the opening on Saturday opening probably had a tendency to restrict general business during the day's session. Estimates as to the probable showing of the census report range from 9,950,000 to 10,100,000 bales. It is reported that the government's crop estimate will be published on December 9th.

Interior receipts are expected to show a falling off this week as compared with last and bullish authorities are predicting a general reduction in the movement and smaller interior offerings within the next three weeks.

Receipts at the ports today 61,142 bales against 72,900 last week and 68,384 last year. For the week 450,000 bales against 476,000 last week and 354,387 last year. Today's receipts at New Orleans were 12,005 bales against 15,689 last year and at Houston 19,404 bales against 16,057 last year.

Spot cotton closed quiet; middling uplands 9.35; middling gulf 9.60; no sales. Futures opened steady and closed steady.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Nov. 16.—The cotton goods market opened strong today. Advances were announced in wide sheeting pillow cases, towelings, etc. Cotton yarns are being bought in larger quantities. Raw silk is firmer in foreign markets. Dress goods are slightly better in demand than last week. The activity of the movement in merchandise was notable during the past day.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, Nov. 16.—Mixed views over the speculative outlook found their reflection in the spotty and somewhat irregular tone of the stock market today. The upward movement was constrained and languid by comparison with last week's vigorous movements and the prominence of stocks of a minor grade in the rise left it with less convincing power on sentiment towards the market. Specific reasons for the check to the speculative accumulation were not clear. It was based apparently more on the general consideration of the extent of which distribution had been going on at the high level of prices and the suspicion that with such distribution effected the market would enjoy less fostering care from the powerful interests which have in it control all through the summer and up to the time of the election. The court decision that the American Tobacco Company is in violation of the Sherman anti-trust law is receiving closer attention. More attention was given also to the question of tariff revision and its probable bearing on business activity and on special interests. News of the Government's suit to collect back taxes from the American Sugar Refining Company weakened that stock. The foreign sales of stocks stiffened the foreign exchange market but the money market was little changed. Heavy deposits of money for redemption of bank notes at Washington make it evident that the notes outstanding against the treasury certificates which mature on November 20 will be retired for the most part instead of being kept out by substitution of bonds for the certificates as the treasury ruling would permit.

Bonds were irregular. Total sales, par value were $6,626,000. United States 3s advanced 1-4 per cent. on call. Total sales today were 1,081,900 shares.

GOMPERS WOULD SUBMIT TO ARREST

Before He Would Allow Federation to Pay Fine in Contempt Case.

SAFETY OF THE FUNDS

Was Question of Importance at the Denver Convention Yesterday—May Have to Change Laws Recently Passed.

(By Wire to the Morning Star.)

Denver, Colo., Nov. 16.—President Samuel Gompers at today's session of the convention of the American Federation of Labor declared that if he were found guilty and fined in the contempt proceedings against him at Washington he would go to jail before he would pay his fine or before he would allow the federation to pay the fine for him.

This statement was made during discussion of the report of the committee on the treasurer's report. The committee recommended that immediately following the adjournment of the convention the executive committee shall take up the proposition of placing its funds where they may be removed from danger of attachment.

Several suggestions were made one being that the funds be deposited in Canada and another that certificates of deposit be taken out in some other name than the treasurer.

D. G. Ramsey, of the Electrical workers declared: "We had a chance to place our funds beyond the reach of those who would take them, but we let it pass on November 3. The only way to protect our money is to change the laws."

Mr. Gompers warned the delegates that if a way were found to hide the funds, the courts would thereafter appoint a receiver, not necessarily to secure in some way the hidden fund, but to get the money being contributed.

By request, Mr. Gompers explained the status of the Danbury Hat case.

"Our standing is menaced by the courts of law," said he. "The matter of application of the Sherman anti-trust law to unions has reached final adjustment by the United States Supreme Court. No matter how the Danbury case is decided that will not alter the status one jot. The United States Supreme Court has said the final word and the law of this country is that labor organizations of this country are now conspiracies and combinations in restraint of trade.

"Under the Sherman anti-trust law honest business cannot be conducted, much less, honest straight forward organizations. With reference to the case against me in the District of Columbia, I want to say that I will never consent that the American Federation of Labor shall ever pay one cent of fine for me. I don't want to go to jail, but I will not tamely submit to the federation being mulcted for me."

Mr. Gompers declared that the decisions of the Supreme Court had but one object, namely to tie the men of labor to their work, cripple the men of labor in their right to work, or their right not to work.

"These decisions," he said, "will result in fettering men today in order to enslave them for all time to come.

I am not in touch with the Democratic party; second, I am not a Democrat, and third, I am confident I never will be a Democrat. I owe allegiance to no party. I am a trade unionist."

"When the Democratic party made our contentions its own," continued Mr. Gompers, "it would not only have been ingratitude but cowardice to desert them. "If Bryan had been elected with the hosts of organized labor back of him, it would have given spirit to human freedom."

The report of the committee on the treasurer' report with its recommendations, was unanimously concurred in.

CELEBRATION IN HONOR OF POPE

Pontificial Mass Observed on Occasion of Fiftieth Anniversary.

(By Wire to the Morning Star.)

Rome, Nov. 16.—A pontificial mass was celebrated this morning at St. Peters by the Pope on the occasion of the 50th anniversary of his joining the Priesthood. It was the most imposing ceremony witnessed in Rome since the coronation of the Pontiff. There were present not less than 70.000 of the faithful from all parts of the world.

Tribunes had been erected only for the Pope's sisters, the members of Royal families, the diplomatic corps and the special missions sent by the heads of States.

Among the members of royalty who had tribunes set aside for their use were Grand Duke Alexander and Grand Duchess Xenia of Russia, and Princess Mathilde of Saxony. The special envoys included Prince Hohenlohe-Bartenstein, representing Bavaria; Prince Schwarzberg, representing Austria-Hungary; Baron Schorlemer, representing Germany; and Duke Bella Conquista, the Spanish emissary.

A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." Sold under guarantee at R. R. Bellamy's drug store. 50c and $1.00. Trial bottle free.

(By Wire to the Morning Star.)

San Francisco, Nov. 16.—The trial of Abraham Ruef on the charge of bribery, the progress of which was interrupted last Friday by the attempted assassination of Assistant District Attorney Francis J. Heney, was resumed today. By the interposition of affidavits setting forth that it would be impossible to secure a fair and impartial trial in the present state of public opinion the defense secured a continuance until tomorrow, at which time the prosecution will file counter affidavits. Ruef was taken back to the county jail.

Never before in the history of this city had such extensive police precautions been taken to safeguard a court of justice as when Ruef was brought to the bar of Judge Lawler's court today. Ten policemen on foot and six mounted men were on guard in front of the court room and the streets for a block on either side of the building were patrolled by uniformed police. Every person entering the building was closely scrutinized. In the corridors were stationed six policemen and inside the court room a dozen detectives were placed.

Abraham Ruef was the first of those directly connected in the trial to arrive with five policemen and five deputy sheriffs riding inside the van with him and escorted by five mounted policemen. Ruef was calm but pale and the effects of the past few nights excitement was plainly visible on his face.

Later Assistant District Attorney John O'Gara, who has been Mr. Heney's assistant in recent trials came in and took the place of Heney where he was shot on Friday.

When Judge Lawter called Ruef's case Assistant District Attorney O'Gara announced that Messrs. Sullivan, Johnson and Dwyer would assist the prosecution and asked that their names be entered upon the record. Thomas B. Dozier announced that the defense had a motion to make, based upon some affidavits in which he said:

"Upon this affidavit, sworn to by Abraham Ruef, I hereby make appeal for change of venue from this court to some other court of co-ordinate jurisdiction in the State of California where the conditions existing in this court do not obtan."

Dozier then read affidavits made by himself and Attorney Ach setting forth that counsel for the defense were receiving communication by mail and telephone threatening their lives if they continued in the defense of Ruef, and that as a result of conditions now obtaining it was impossible to secure a fair and impartial trial in this city. Affixed to each affidavit were copies of newspapers giving accounts of the shooing of Heney and the subsequent suicide of his would-be assassin and mass meetings as additional evidence of the inflamed state of the public mind.

Heney Underwent Operation.

San Francisco, Nov. 16.—Special Prosecutor Francis J. Heney, who was shot by Morris Haas, in Judge Lawler's court room on Friday during the trial of Abraham Ruef on one of the numerous counts charging him with bribery, underwent an operation today for the removal of the bullet which had lodged in the left lower maxillary. The operation is said to be successful in every way and tonight it is stated that Mr. Heney's condition is satisfactory with no signs of complications.

An extraordinary photograph taken today located the position of the bullet so clearly that the doctors did not hesitate to attempt its removal. The bullet which entered below the upper jaw bone on the right side of the head passing downward through the mouth was found lodged in the muscles on the lower maxillary. Its removal required the utmost skill as it lay close to the important blood vessels in that portion of the face. Mr. Heney stood the operation well, rallied from the effects of the anaesthetic quickly and without sign of weakness or shock.

The inquest over the body of Morris Haas, Mr. Heney's assailant who committed suicide at the county jail Saturday night will be held tomorrow.

TAFT IN CINCINNATI.

President-Elect Makes Hurried Trip to His Home.

(By Wire to the Morning Star.)

Cincinnati, Nov. 16.—President-elect William H. Taft arrived in this city today unaccompanied and was driven at once to the home of his brother on Pike street. He said that his visit was entirely on a matter of personal business. According to his present plans he will leave tomorrow night for Hot Springs, Va.

During the afternoon Judge Taft attended the funeral of Miss Phoebe S. Baker, a life-long friend of the Taft family. For the rest of the day he remained quietly at the home of his brother, seeing a few friends.

District Attorney Sims has served notice on counsel for the Standard Oil Company of Indiana that on November 30th the Government will apply to the Supreme Court for a writ of certiorari bringing the record of the famous rebating case before that tribunal. This is the case in which Judge Landis recorded a fine of $29,240,000 against the corporation.

STRONG EVIDENCE IN LAMPHERE TRIAL

Letters Written by Mrs. Belle Gunness Produced in Court.

"THAT CRAZY LAMPHERE"

In What Mrs. Gunness Called Him in Writing A. K. Helgelin, Whose Brother Was Murdered by Her—The Evidence.

(By Wire to the Morning Star.)

Laporte, Ind., Nov. 16.—Prosecutor Smith, in the case of Ray Lamphere on trial for the murder of Mrs. Belle Gunness and her three children today gave interest to the proceedings when A. K. Helgelein, of Aberdeen, S. D., was on the stand by offering in evidence and reading to the juries copies of three letters written by Mrs. Gunness to him during last March and April, making references to "that crazy Lamphere." These letters portray the methods employed by the alleged murderess in allaying the suspicions of the relatives of persons whom she had murdered. Even with Andrew Helgelein lying dismembered in her private burying ground, she was asking his brother. Asle K. Helegelein to come to LaPorte to investigate and bring plenty of money with him.

A. K. Helgelein the star witness today told of his anxiety over the disappearance of his brother and in reply to the first letter of inquiry to Mrs. Gunness he received a letter dated LaPorte, Ind., March 22, 1890, in which Mrs. Gunness said she also would like to know where Andrew was:

"He came here about the first of January," says Mrs. Gunness. "When he left here he said he wanted to find his brother who had kept a gambling room in Aberdeen. He thought he was in Chicago or New York or possibly had gone home to Norway. When he went to Chicago he said he would be there so short a time that I need not write. I have neither seen nor heard from him since then. I saw a man who said he had gone back to South Dakota."

Mr. Helgelein he wrote again to Mrs. Gunness, receiving a reply dated April 11, 1908. After stating she had tried in every way to find some trace of Andrew, Mrs. Gunness continued: "A man named Lamphere, who worked for me for a while said he had heard he was in South Dakota from some one he knew in Mansfield and he had also probably told them about the $10,000." I knew right away that it was a lie. Others have told me that Lamphere was jealous of Andrew and for that reason troubled me this way, but to me he did not say anything and I did not mention it to him when Andrew left. The reason Andrew was looking for his brother, he told me, was that both of them left Aberdeen the same day and that there was some trouble with a man they had found dead there. I think it would be best for you to sell the farm and creatuers as you can and come here in May. When Andrew comes up there again, which he no doubt will some time, be sure and do not tell him that I told you this or do not tell it to others either. I think that it is this that half crazed Lamphere who has started it all but there is hardly anything to do about it."

Eli Hoover who lives north of the Gunness farm, testified to seeing a man running across the fields early in the morning of April 28tth.

Lamphere Wanted Broad Axe.

John Ross a cousin of Lamphere testified that on the morning of the 28th Lamphere came to his place, about 3 1-2 miles northeast of the Gunness farm shortly before 6 o'clock to borrow a broad axe. He told him that he had seen the Gunness house burning. Ross, who knew of the Gunness-Lamphere troubles, told Lamphere he would probably be pulled."

The latter replied: "I hope the straight of it will come out." Lamphere told the witness that he had been in Michigan City.

Westbrook Tells of Fire.

John Westbrook, for whom Lamphere was working and with whom he had come from the fire, testified that Lamphere appeared at his place at 6 o'clock A. M., April 28th and told of seeing a fire which he learned was the Gunness house. He says he did not know whether the folks got out or not. The witness was on the stand when court adjourned.

ALBERT T. PATRICK'S CASE.

Federal Supreme Court Dismisses His Writ of Habeas Corpus.

(By Wire to the Morning Star.)

Washington, Nov. 16.—The petition of Albert T. Patrick, the New York lawyer who is serving a life sentence in the State prison at Sing Sing, N. Y., on the charge of having murdered the millionaire, William M. Rice, for a writ of habeas corpus, was decided by the Supreme Court of the United States today adversely to the petitioner. Patrick charges that the case against him was a conspiracy and urged that in commuting the sentence of death which the court imposed upon him to one of life imprisonment, Governor Higgins had resorted to a more cruel method of punishment. He asked to be released from prison on the theory that the whole proceeding had been unconstitutional and invalid.

Six men were instantly killed, another was dangerously injured and three others had narrow escapes from injury or death in a mine cage accident at Ellsworth mine No. 1, located in Washington county, Pennsylvania, yesterday.

The Swine or the Flower?

Ah me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of lard!"
I fled, and saw a field that seemed at first
One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And, as I lingered o'er the lovely sight,
The summer breeze, that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"
